- Git
- Prototyping
- Wireframing
- User Research

Rahamon Taoheed Ayomide

UI/UX DESIGNER · WEB DEVELOPER

PROFESSIONAL SUMMARY

A versatile and results-driven Senior UI/UX Designer and Web Developer with a strong foundation in creating intuitive, human-centered digital experiences. With hands-on experience spanning enterprise software, healthcare technology, and fintech, I bring a unique blend of design thinking and technical execution to every project. Proficient in Figma, React.js, and Python, I excel at translating complex user needs into clean, scalable interfaces. Currently advancing my academic credentials with an HND in Computer Science at The Polytechnic Ibadan, I am committed to crafting digital products that are not only visually compelling but meaningfully impactful.

WORK EXPERIENCE

- Senior UI/UX Designer** 2026 – Present
The Polytechnic Ibadan (Faculty of Science)
Led design projects for the Faculty of Science, delivering user-centered digital solutions tailored to academic and institutional needs.
- Remote Senior UI/UX Designer** 2025 – Present
ZuriFlux GreenTech Ltd.
Leading design initiatives for enterprise-level green technology products, driving end-to-end UX strategy from research and wireframing to high-fidelity prototyping and design system management.
- UI/UX Designer** 2025
Crescent Vitalis
Designed mobile and web applications for Sickle Cell patients, guardians, and caregivers, focusing on accessibility, empathy-driven interactions, and clear health information architecture.
- IT Intern** 2022 – 2023
Advans Laffayette Microfinance Bank
Supported IT operations and contributed to digital design projects, gaining practical experience in enterprise systems and financial technology environments.
